Expertise in backend **REST APIs** and **MongoDB**. Excel at critical thinking, problem-solving, and adaptability, ensuring seamless collaboration and high-quality deliverables in fast-paced environments.

TECHNICAL SKILLS

- Javascript
- MongoDB
- Playwright
- Rest API
- Git
- Jenkins
- Microservice
- Kibana
- Postman
- Charles Proxy
- NodeJs
- Jira

EXPERIENCE

Senior SDET / Freecharge Payment Technology - Mumbai, IN

06/2023 - Current

- **Designed and developed an automation framework** using the Page Object Model for web apps, where the technologies applied are Playwright, JavaScript, and NodeJs.
- Responsible for preparing, executing, and maintaining **automation scripts for regression and sanity testing** using the Playwright Automation framework.
- **Executed automation scripts** on web applications using Playwright, and reported defects and results to the team. Worked on different locators, such as ID, Role, XPath, CSS, Label, and links, to achieve finding the elements.
- **Partnered with the business team** to identify inefficiencies, optimize workflows, and implement tech-driven solutions.
- Collaborated closely with team members to **achieve project objectives and meet deadlines**.

QA Engineer / Freecharge Payment Technology - Mumbai, IN

10/2020 - 05/2023

- Participated in all stages of the **Software Development Life Cycle** and the **Software Testing Life Cycle**.
- **Developed and executed test plans** for software applications.
- Collaborated with developers to identify and resolve defects.
- Conducted **functional, regression, performance, integration and user acceptance testing**.

QA Engineer / Nuclei - Bengaluru, IN

01/2019 - 10/2020

- **Reviewed requirements specifications** for completeness and accuracy prior to beginning the QA process.
- **Performed manual tests** on web applications, mobile apps, and software products.
- Contributed to **root cause evaluation to mitigate risk** and foster continuous improvement.
- Created detailed **bug reports** with steps to reproduce identified issues.

EDUCATION

B.Tech: Electronics And Communications Engineering
Galgotias College of Engineering And Technology - Greater Noida

06/2018

PROJECTS

Axis Bank – Digital Salary Account

- **Optimized RESTful APIs testing** for onboarding and managing digital salary accounts, ensuring secure handling of customer data.
- **Improved database performance** by optimizing queries, which enhanced transaction speed, and reduced system load.

Axis Bank – Staff Salary Account

- **Automated data migration scripts** to securely transfer and encrypt sensitive staff information (PII, SPDI) with zero data loss.
 - **Collaborated with cross-functional teams** to integrate backend services, ensuring smooth salary processing, and timely delivery of solutions.
